Chat ID: 34756723 Initial Question: Server to handle emails
10:30:00 PM System David B has joined the chat!
10:30:08 PM Shan Hi
10:30:09 PM Shan
10:30:12 PM David B Hello, my name is David B and I would be happy to assist you today.
10:30:50 PM Shan i currently have an account with goddady to handle our emails
10:31:13 PM Shan but they have an issue with their severs
10:31:25 PM Shan http://greenwireit.com/it-tech-support-articles/fix-godaddy-552-message-rejected-spam-virus-content/
10:31:28 PM David B I see.
10:31:58 PM Shan i need to know if your hosting plans support emails
10:32:06 PM David B Yes, they all do.
10:32:28 PM Shan with all proper authentication protocols (DKIM , SPF etc)
10:32:38 PM David B Correct.
10:33:11 PM Shan i can freely forward and replay to emails without having them bounce back on me
10:33:17 PM Shan ??
10:33:18 PM David B Correct.
10:34:06 PM Shan so if i purchase a hosting package and a certain issue arise will i be able to get a refund
10:34:19 PM David B Yes, we have a 45 day money back guarantee!
10:35:11 PM Shan i have about 14 users with about 12GB of emails
10:35:26 PM Shan what package do you recommend
10:35:48 PM David B All of our packages would support that.
10:36:07 PM Shan all godaddy emails end up on spam i want a solution for that as well
10:36:50 PM David B That would not happen with us.
10:37:47 PM Shan is there an transfer fee reguarding domain transfer
10:38:00 PM David B Yes, domain registration transfers are $7.95 each.
10:41:16 PM Shan ok
